Birthdays

Board Update

District Update

Upcoming Projects

Closing

## **Imerman Angels**

Imerman Angels was created on the belief that no one should have to face cancer alone and without the necessary support. At 26 years old, Jonny Imerman was diagnosed with testicular cancer and began his fight against the disease. Throughout his experience, Jonny was lucky enough to have loving support from his family and friends but had never met anyone his age who was a cancer survivor. He wanted to talk to someone just like him, someone who truly understood, and was intimately familiar with his experience. In short, he was looking for someone who had already faced the same type of cancer. This was the beginning of Jonny's vision and in 2003, it became a reality when he founded Imerman Angels.
