## **March Of Dimes**

November is prematurity awareness month (it's the reason so many members are wearing purple!). The mission statement of March of Dimes is to improve the health of babies by preventing birth defects, premature birth and infant mortality. World prematurity day is November 17th. Staff and volunteers work to enhance and expand community services, and to improve systems of care for mothers, babies, and their families through leadership, educational programs, and community grants.
